

Air Capital Soccer Association Player Agreement

Purpose of this Agreement:

Air Capital Soccer Association annual team budgets are based on a fixed number of players per team as determined by the KSYSA rules governing team roster size. KSYSA rules governing player recruitment require that a player may ONLY be contacted by ANY team representative about joining a team during the annual open recruitment period (June 15th through July 15th). Therefore, once a team is established, the addition of replacement players is limited to those players that are NOT registered with another team. Violations of this KSYSA rule may carry severe penalties for the teams and personnel involved.

Parents/Players Obligations:

As a parent/guardian of an Air Capital Soccer Association player, I understand that Air Capital dues are based on a seasonal year (August 1 through July 31). I agree to the following:

- I agree to pay the entire yearly amount or a prorated amount if my player joins a team after the year has started.
- Any player seeking release from an Air Capital team for the express purposes of joining another team will be required to pay the entire year's dues obligation before being released.
- High School players are only obligated for eight months of the seasonal year.
- An injured player is not obligated to pay dues for any month he/she does not play provided he/she has a written doctor's excuse.
- I understand that all uniforms and gear bags remain the property of Air Capital and must be returned should my player leave the team. Players will not be released until all Air Capital property is returned.
- Players wishing to be released from an Air Capital team for reasons other than joining another team are encouraged to work out an agreeable settlement with the individual team coach. If no agreeable settlement can be reached, the player/parent may appeal to the Air Capital Board for a settlement decision (contact any Air Capital Board member via the website: www.aircapitalsoccer.com). All Air Capital Board decisions will be binding on both the player/parent and the team coach.
